EXPERIENCE

A&M-SA Web Dev Team | Student Worker **2022-2026**

- Build website components using tools for all websites connected to the university.
- Collaborated with other departments, such as Esports, to develop a website informing students about recruitment, events, news, etc.

Independent | Contract Web Developer **2023-2024**

- Collaborated with a local accounting firm in San Antonio, TX, to build a website to reach out to customers.
- Collaborated with a martial arts gym to develop a website to expand their social media presence.

JagHacks | Coordinator **2026**

- JagHacks is an ACM Student Chapter's hack day event sponsored by Major League Hacking and Google Gemini.
- As one of the lead coordinators of the event, my job focused on reaching out to potential sponsors, raising funds, and purchasing the necessary items such as food, beverages, and cleaning supplies.

Association for Computing Machinery (ACM) Student Chapter | Fundraising Director **2025-2026**

- As the Fundraising Director of the ACM Student Chapter, my job focused on raising funds for our organization.
- One of our biggest hits during the Fall of 2025 was our innovative Human Slot Machine game at the annual Lights of Esperanza event at A&M-SA.
- Attracting the most attendees at our booth in a short amount of time and raising over \$250.

ZECLA Information Session | Presenter

- As part of community engagement, the ACM Student Chapter visited ZECLA, an early college high school and my alma mater, to discuss the growing opportunities in technology today.
- Covering topics ranging from the history of Computer Science and the first Turing machine to the rise of Artificial Intelligence, while also highlighting the wide variety of career paths available in the field.
